CLEAR SPACE

x = ¼ of the mark's width

Keep this space clear on every side, in the mark alone and in both lockups.

MINIMUM SIZE

Mark: 16 px

Below 32 px use the hand-tuned 16 and 32 px drawings in 02-small-sizes.

FreeFlect Lockup: 96 px wide

Smaller than this, use the mark alone.

DON'T

Recolour the parts

Outline the phone

Rotate or tilt

Close the gap

Also avoid gradients, glows and drop shadows on the mark, and never flip it for right-to-left layouts: in Arabic the lockup reads right to left, the mark stays as drawn.

Always write the name as FreeFlect: one word, two capital Fs.
In Arabic, فريفلكت as one word.
